National Youth Day #JustOneFilter No one thinks twice about altering an image before posing it on social media, it's all just part of the process of attracting as many likes and comments as possible. In preparation for National Youth Day we want to inspire young people to think about where else in their lives they are using filters and to hear the message that there is ONE filter that helps us stay true to ourselves, that helps us all to measure our lives in the right ways and present ourselves to others as we are. This is the filter of God's Love.
